CONCEPT

Alba is our personal vision of Japan — inspired by its flavours, shaped by its spirit, and brought to life in our own way. We take what moves us most in Japanese cuisine — its precision, its seasonality, its quiet beauty — and reinterpret it through thoughtful combinations, global influences, and a sense of creative freedom.

Every dish reflects how we feel Japan, not just how we see it.

THE MOST BEAUTIFUL RESTAURANT IN DUBAI

Designed by the award-winning South Africa-based architect Tristan Du Plessis, the interiors reflect a careful balance of texture and tone – stone surfaces, soft lighting, and warm timber are layered with subtle nods to East Asian minimalism.
